

DELIVERANCE FROM CERTAIN MOVIES

SEERSGATE SAYS:

I watched a movie that contained images displeasing to Yahweh. It included occult acts and human sacrifices. The entertainment world is full of deceptive movies that come across as innocent when, all the while, they take you into the spirit realm, to have an unaware person deal with demons. Yahweh made it clear that when I decided to watch a scene that conjured up demons, I was giving Satan (or other demons) permission to torment me and invade my home. And those in my house under that plan would also have to battle demons of various levels of engagement.

I choose to seek Yahweh to ask Him to break off the old way of continual torment.

A PRAYER OF DELIVERANCE

Father, I am so humbled that You care about our well-being, and You care that there are doorways opened to demons that must be stripped away by the blood of King Jesus. I renounce every soul connection that I joined with through a natural outlet. I take an active stance against sin and choose King Jesus and His plan of freedom in Him. Right now, as a child of Yahweh, I seek a cleansing in the blood of Christ. Father, please send Your angels to remove all spirits from this dwelling that are not in Your plan to be here. Please bring cleansing to this place. Let this place become a tabernacle for Your presence, power, and great glory. I do not want to engage in any more spiritual occult outlets. Please strip away the former things with the blood of King Jesus. And I ask for a dislike of movies that contain occult actions so that I will keep moving forward in Your great will. Amen. Amen. Amen.
