

A FORM OF GODLINESS

Norfolk, Virginia, USA

SEERSGATE SAYS:

As soon as I walked in, I felt very welcomed. I was greeted with smiles and verbal welcomes. If they could just integrate this church, there would be such a great shift. Race should not be the dividing factor for why people come together and worship. All White churches. All Black churches. I could understand language being a barrier, but why would race be a barrier?

Having a form of godliness but denying the power of Yahweh.

YAHWEH GIVES A MAJOR WILL:

You went to a local church right near the mall in Norfolk, and when you entered the building, there was an obvious way to see that there was a large gathering of the deeper shade of skin color. You are familiar with attending churches with a color other than darker skin tones. And why does it matter? It is important to point out the culture in the nearby way and how the groups under church ways bring their heritage as a leading platform over Kingdom order.

Should you have churches that put a person's race as a focal point over hearing the Great Way in the service? We want you to see that when a church gathering chooses to keep segregated ways, it shows that the healing has not shifted their nature within.

If you cannot come and fellowship with other races in your church building, then you surely have a skewed view of what Heaven is really like. The pastor didn't walk in an office. He has the title of a Bishop platform, with many decades in a Christian culture, with a warm countenance that is easy to engage. What is wrong with that? To say there

is a person in an office work without an Angelic Guard is to say that a person in the President's office sphere is parading around as the President without the power and needed government license to take on real "spirit" matters.

A person in a church building under the five-fold office positions must take on office work with a direct impartation from Yahweh. And along with the full release to take on that office, there will be a governing protection with an angelic secret service group known as the Angelic Guard. It is a form of godliness when they call for prayer, and people ignore the call with irreverent manners. People are allowed to sit and pray or stand and worship. I am looking at their true way within. These churches think that the louder they shout, that they will look even holier than those who worship with their hearts and mouths quiet.

People must see it: I am looking for clean hands and pure hearts; this is a way to get closer. But you were able to see these ways of worship in this building while also viewing angels walking up and down the aisles, making notes in these records for each worshipper.

I am literally having each one of you recorded. Every idle word and every thought. I am watching every act, every word of vow. Nothing is hidden from Yahweh. Never put your motives as My will. When you take these records into the natural earth, do not deny Me to avoid rejection. All of the former ways of training will now take on live bullets without any spiritual bubble. The spirit realm will sense you are a true world prophet. What is a world prophet? Put that definition here:

World Prophet:

(a) A World Prophet is a servant given governing authority to give angels who guard the whole world, the Great King's will, to shape the whole world and cause it to turn and have the King's plan fully implemented within. (b) A Kingdom office position.
