

PRAYER TO BREAK OFF DEMONS

INTRODUCTION BY THE GREAT KING:

"Sheila" is a people-pleasing woman who is bitter and deeply wounded. She feels as if "Jennifer" was taking power over her children. There is deep pain, still, due to the way that she was left with those children. The Great King is moving to do a major breaking in this full detail. You will give this entry to the whole world, but use different names and different placings. This will make it free from slander.

Slander would be called any detail that represents a person with a viewing that they are not pleased with, even when that viewing is truly the real way being given. The way is to break what demon is moving to hinder the will in the Way King Jesus. Break that spirit of control. Break that spirit and send it where I command you.

THE PRAYER TO BREAK OFF DEMONS

King Jesus, You have great authority, wisdom, and all power. You, Great King, can truly break off the dealings of demons that seek to bring hindering details to Your people. Yahweh, please break off this demon who moves to influence this person named (name the person dealing with demon influences). By Your great power, Yahweh, You can bring freedom to (name the person under demonic influence). I leave their spiritual state to Your care. Great King Jesus, Your purpose is greater than any detail humans give. May Your Kingdom, power, and great glory govern in daily living. Let there be a noted turning from the former way this day. May the work of the Great Way be sent forth with great transforming power and purifying fire. Thank You, Yahweh.
